SUMMARY

Enthusiastic and detail-oriented Computer Science student with a strong foundation in software development, algorithms, and data structures. Proficient in various programming languages including Python, Java, and C++, with hands-on experience in web development, database management, and software engineering. Eager to apply academic knowledge and technical skills in real-world projects. Demonstrated ability to work effectively both independently and in teams, with a passion for problem-solving and a commitment to continuous learning in the fast-evolving tech industry. Seeking internship opportunities to gain practical experience and contribute to innovative technology solutions.

TECHNICAL SKILLS

Languages: Java, JavaScript, SQL
Databases: SQL.
Technologies: HTML5, CSS3, RESTful APIs, State Management, Cross-platform Development, Version Control (Git, GitHub).
Developer Tools: IntelliJ IDEA Ultimate, VS Code .
Methodologies: Agile Development, Team Collaboration, Critical Thinking, Communication.

Education

Ramkrishna Mahato Government Engineering College   *2022 – 2026*
B.Tech in Computer Science

- Grade: A

Jhargram Nanibala Vidyalaya   *2020 – 2022*
IX - XII th Standard

- Grade: A+

Experience

Web developer Intern   *Cupertino, CA*
Bharat Intern

- Optimized website performance, reducing load time by 20% through efficient asset management and code refactoring.
- Developed responsive web interfaces using HTML, CSS, and JavaScript, improving UI usability and cross-device compatibility.
- Collaborated with backend team to integrate APIs and dynamically render data on client-side pages

Frontend Web Developer Intern
Pinaccle Labs

- Assisted in designing and deploying a user dashboard, contributing to a 30% increase in user satisfaction based on internal feedback.
- Built interactive and dynamic frontend components using React.js, enhancing user engagement.
- Built interactive and dynamic frontend components using React.js, enhancing user engagement.
